1. Proprietary Apps per Company

This book describes for each proprietary organization the applications they own. It describes what it does and then provides you with links to self hosted or open source alternatives. In this way people can simply click on the company they use today and then look for alternatives to these apps.

- 1. Google
- 2. Apple
- 3. Microsoft
- 4. Meta
- 5. Amazon
- 6. Spotify
- 7. Airbnb
- 8. Booking.com
- 9. Netflix
